

## IDEAS FOR NEW MEMBER WELCOME PACKETS

Once a new member has joined, she should be welcomed to your Club with a professional packet of information that tells her about your club, the AzFRW, NFRW and more. Our mission is to promote an informed electorate through education, foster loyalty to the Republican party and increase the effectiveness of women in the cause of good government. New members joined because they were reaching out and it's our job to make them welcome and fulfill our mission statement. Remember, you don't get a second chance to make a first impression so make it a good one.

### **A few ideas and suggestions for items to consider for your New Member Packets:**
